FIAAA Code of Practice Certification

The following issues are for FIAAA Code of Practice Certification

1. **Certification-** Members who demonstrate compliance by successful third party audits may advise FIAAA as soon as audits are completed, by submitting the appropriate audit report form. FIAAA will issue certificates on receipt of reports.
2. **Listing of certified members-** Members are to be encouraged to comply with the FIAAA Code of Practice by completing an appropriate third party audit. In order to demonstrate its commitment to self regulation FIAAA lists members on its website who are certified.
3. **Membership conditional on Certification-** Members have confirmed that certification will become a condition of membership after July 2014. Members who are not certified by this date will become provisional until certification requirements are completed.
4. **Members use of FIAAA Code of Practice compliance on marketing materials-** Members who are certified to FIAAA Code of Practice (as above) may use the following descriptor on marketing materials where products have been included in the scope of their audits complying with certification criteria- **“Certified to FIAAA Code of Practice”**. A special logo is available for this purpose.

The above audit and certification details will be publicised on the FIAAA website to demonstrate commitment to the its standard.

Revised June 2014
